

### **Tasks Completed During Reporting Period**

The following activities associated with the RFI and IM work at the subject facility were conducted from December 21, 2011 through January 18, 2012.

- Continue operation of the IM system and conduct performance monitoring which included weekly water levels, bi-weekly effluent sampling for VOC analysis and measuring daily system flow rates.
- Continue preparation of the 2011 Annual Groundwater and Surface Water Monitoring Report.
- Continue preparation of the Quarterly Performance Monitoring Report.
- Deliver the November 2011 residential sampling results to the residents.

### **Summary of Contacts with Local (Community or Public) or Regulatory Groups**

No significant interactions with the public or with EPA/DHEC occurred during the reporting period.

### **Projected Work for Next Reporting Period**

Owens Corning's plans for the next reporting period of January 19 through February 15, 2012 include:

- Continue operation of the IM system and conduct performance monitoring.
- Complete and submit the Quarterly Performance Monitoring Report.
- Complete and submit the 2011 Annual Groundwater and Surface Water Monitoring Report by January 31, 2012.
- Conduct the Quarterly Groundwater Monitoring Event in February 2012.
