

Tasks Completed During Reporting Period

The following activities associated with the RFI and IM work at the subject facility were conducted from August 16 through September 19, 2012.

- Continue operation of the IM system and conduct performance monitoring which included monthly effluent sampling for VOC analysis, quarterly water level measurements, and daily system flow rate measurements.
- Continue preparation of the Investigation Work Plan (IWP).
- Completed the third quarter groundwater monitoring event during the week of August 13-17, 2012.
- Submitted the Q2 2012 – Interim Corrective Measures Performance Monitoring Report on September 11, 2012.

Summary of Contacts with Local (Community or Public) or Regulatory Groups

Owens Corning received several questions from EPA in an email dated September 19, 2012 regarding to the Interim Measures Quarterly Performance Monitoring Report and the methods employed during the groundwater monitoring program. Owens Corning is in the process of preparing a response to EPA's inquiry. No other significant interactions with the public or with EPA/DHEC occurred during this reporting period.

Projected Work for Next Reporting Period

Owens Corning's plans for the next reporting period of September 20 through October 17, 2012 include:

- Continue operation of the IM system and conduct performance monitoring.
- Submittal of the IWP by September 25, 2012.
- Preparation of the Q3 2012 – Interim Corrective Measures Performance Monitoring Report.
